

Our Standard Energy Prices for Domestic Customers

Prices as at 26th March 2012

The price you pay for electricity and gas will vary depending on where you live. Your Regional Electricity Area number can be found in a table on the first page of your electricity bill. The example below shows what this table will look like on your bill. Your number is two digits and can be found at the start of the second line of the table. Match this number against the number in the pricing table to identify your prices for your Regional Electricity Area. In this case number 20, which is the Southern Area.

S 01 901 100
20 0009 9999 999

The rates shown on your M&S Energy bill will be our quarterly rate and the discount for paying by monthly or quarterly Direct Debit will be listed separately.

GAS	General Domestic - Dual Fuel								General Domestic - Dual Fuel (Scotland Areas only)							
	General Domestic				General Domestic - No Standing Charge				General Domestic				General Domestic - No Standing Charge			
	Standing charge pence each day		Unit rate pence each kWh		Unit rate - 1st 625 units each quarter pence each kWh		Unit rate - remaining units each quarter pence each kWh		Standing charge pence each day		Unit rate pence each kWh		Unit rate - 1st 625 units each quarter pence each kWh		Unit rate - remaining units each quarter pence each kWh
